*While Immediate Burial and Direct Cremation are options which may reduce expenses related to funeral home facilities and services, they neither restrict a family's rights to witness or participate in the disposition of their dead, nor do they reduce our firm's professional obligations to secure positive identification of the deceased, provide transport, custody and oversight of the final disposition and return cremated remains to the family in a timely manner. Accordingly, we schedule immediate burials and cremations to allow for the presence of family and staff at graveside and crematory.*

Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we provide are made of heavy cardboard. Cremation caskets are made of combustible materials, hardwoods, softwoods and fiberboard or composition materials.

To the extent that this price list informs your decisions, we heartily approve. We are also uniquely aware that for many families, the decisions made about funeral costs are made at a difficult and confusing time. In so far as this list may add to your confusion, we apologize. We appreciate the trust you have placed in us and hope that this list assists you in making your decisions. We recognize that for some families funeral expenses can be overly burdensome. Please feel free to discuss this with us in confidence. We have never refused to serve anyone for financial reasons.

**GREEN BURIAL.....**This firm makes available several "green" burial options and is one of a select group of funeral providers approved by the Green Burial Council; a nonprofit organization that encourages the use of burial as a means of facilitating the restoration, acquisition, and stewardship of natural areas. For such arrangements, formaldehyde-based embalming is prohibited as is the use of metal or concrete grave-liners, burial-vaults, or other permanent burial containers. Caskets, coffins or alternative containers used to enclose and transport the dead are made of bio-degradable materials and are available in a range of prices. Home wakes, public visitations, church funerals and graveside services are options that may be arranged within the time frame green burial allows. As with all of our service and merchandise offerings, detailed price information for each component is itemized on our General Price List and Casket Price List.

**ITEMIZED SERVICE SELECTIONS**

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

**BASIC SERVICES OF FUNERAL DIRECTOR AND STAFF..... \$1750.00**

Our fee for the services of funeral director and staff includes, but is not limited to, staff to respond to initial request for service; arrangement conference with family or responsible party; planning of funeral; preparation and filing of necessary authorizations and permits; recording vital statistics; preparation and placement of obituary notices; staff assistance prior to, and following the funeral, including coordination with those providing portions of the funeral, e.g. cemetery, crematory, and others. Also included in this charge are overhead expenses relative to our facility such as insurance, maintenance and utility expenses, secretarial and administrative costs, and equipment and inventory expenses.

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains, and full service selections.)

**EMBALMING.....\$550.00**

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. When because of circumstances out of our control, direct cremation or immediate burial cannot take place in a timely fashion, we will seek permission to embalm and charge you for it. *Michigan law requires embalming when death was caused by certain infectious diseases or, with very limited exceptions, when the body is not taken to its final destination (such as a cemetery or crematory) within 48 hours of the time of death.*
